No. 15

COMPLETE REPORT OF CONDITIONS AS THEY WERE FOUND IN BONANZA CAMP

TONOPAH WAS IN POOR SANITARY CONDITION

Death Rate Heavy This Month, Due in Most Cases to Pleuro Pneumonia, Brought on from Various Causes

By A. H. HEPPNER, M. D., Late Assistant Surgeon, U. S. N.

MY FIRST step upon arriving at Tonopah was to meet the physicians and inform them of the purpose of my visit. There are about twelve of them who, with one or two exceptions, are of a quality which will favorably compare with the same number in any metropolitan city. They are up to date in theory and practice. Among them, however, there are one or two, according to the information I received from the others in a body, who must be held responsible for the fact that the public at large became impressed with the idea that there was an epidemic of a mysterious kind constantly increasing in virulence and for which they were unable to either find a diagnosis or a remedy. This same body of men told me of operations that had been performed in connection with this disease which had been unsuccessful, also of having stated to the public at large that the key to this whole trouble was to be found in certain conditions appertaining to the handling of meat at the slaughter house and in cold storage.

CITIZENS WERE NEGLIGENT

It also appears that it was an omission on the part of the leading citizens of not getting together and frankly admitting to the outside world just what the trouble was. I was very cordially received by all the physicians and was shown by them about twenty cases presenting the various stages of the disease, winding up with one autopsy.

THE FIRST SYMPTOMS.

The first symptoms of this trouble is a decided chill, the temperature goes up to 104 or 105, some pain at the base of the lung, but not of the degree nor

in the locality in which you would expect to get it in lobar pneumonia. There is great difficulty in breathing from the first, with a tense fast pulse, anxious pinched features. A bright red expectoration, almost suggesting an arterial hemorrhage takes place, quite different again from some cases that show more the prune juice character of expectoration. Some few cases have from this juncture proceeded to convalescence in seven days. I spoke to two such patients myself. Others go from bad to worse, showing now the symptoms of pus poisoning, particularly affecting the nervous systems that drive and check the heart. With a pulse of 120 and temperature of only 99 an engorgement of the entire return circulation, they become blue, profuse cold, clammy sweat gathering, they present to the average layman's eye the terrible picture of "black death," while in fact it is simply the mechanical disturbances in the relation of the outgoing and returning blood due to this pus poison. Here, then, is the explanation of the enlarged black liver talked of so much. It enlarges from receiving more blood than it can send out.

LIGHT DEATH RATE.

Now, considering that Tonopah has a population of between 4000 and 6000, the difference between the two figures being the floating element, and considering the severity of the type of disease as above described, and furthermore considering all the conditions to be mentioned below, the following death rate, while in itself perhaps large, seems relatively light. The following table, copied from the official records, about which there can be no doubt:

December, 1904	2 deaths
January, 1905	9 deaths
February, 1905	3 deaths

BEGINNING OF EPIDEMIC

During January and February they had the typical dry winter weather at Tonopah, while in March, when the weather became milder there was some rain and considerable thawing, the death rate jumps up and we have the epidemic, resulting in seventeen deaths. In addition to these there were three deaths from operations and one from smallpox. Among these seventeen cases there was one case which came in deathly sick from a distance of thirty miles and another died ninety miles out of town, his body being brought to Tonopah for burial. Now, observe that the history and symptoms in both cases were exactly like those

who die in the environments of Tonopah.

IS TONOPAH AT FAULT?

Among these is another case who took sick at Goldfield, going to Tonopah for treatment. That people should contract this trouble thirty and ninety miles out of the desert, isolated as they were, without the possibility either of contagion or infection, makes one seriously reflect whether all these unsanitary conditions of Tonopah have more than an indirect bearing upon the subject.

21 DEATHS IN 16 DAYS

During the sixteen days of April there were twenty-one deaths, with all the indications of better conditions for the balance of this month. The autopsy which I witnessed left absolutely no doubt as to the causes of death. The covering of the lungs, the pleura, was found to be covered with a tenacious yellow, greenish mass of pus, in some places one-eighth of an inch thick. The pleuro sack contained about one pint of liquid pus. The working tissues of the lung were comparatively little affected, showing signs of venous congestion, but no solidification. A condition very similar was found in the sac around the heart and its cover, while the heart muscle itself was coffee brown, thinned out and the left cavity of the heart was filled with a large clot of blood. These are the classical signs and effects of pus poisoning, such as

you are apt to get secondarily in any infectious disease.

LIVER OF ABNORMAL SIZE

The kidneys were engorged and enlarged, still more so the liver, this organ being about three times its normal size, but on cross section showed no signs of abscess, pussy condition, not even the first stages of inflammation, indicating that the enlargement was an acute one and more of a mechanical nature.

During life this man had been a notorious inebriate, as all the organs indicated, and he had been sick a week without calling a doctor.

VITALITY AT FAULT.

I learned it to be a fact that those attacked by this disease have invariably been in a state of lowered vitality from various causes, such as living in unsanitary surroundings, people who have no home, but lay around in low grade saloons, or in other instances, miners who had worked hard all day, getting into a perspiration, then going out into the cold night, contracting a cold, followed from infection with pus making organisms. Even the few of the better classes who died were, while living in better surroundings, men who had worked too hard, keeping late hours, employed in stores where sunlight and fresh air are wanting.

What in a lower altitude, under

(Continued on Page 5).

CHILDISH WORK OF STATE EXECUTIVE

JOHN SPARKS, Nevada's chief executive, has taken it upon himself to attempt to have the Journal publicly criticised because of the fact that it was first to realize the conditions of the outside world having reliable information regarding the need of Tonopah. This paper, without deeming it necessary to consult with His Excellency, took upon itself to employ a reputable physician, pay his expenses and fee and commission him to visit what was supposed to be a plague-infested spot. That physician, at great sacrifice to himself, accepted the mission. Almost the first action that greeted him after his arrival at Tonopah was the public reading of a telegram signed by Governor Sparks, and deploring the action of The Nevada State Journal in sending in Dr. Heppner.

The Journal would have this man who is posing, and who has been elected governor of Nevada, understand that neither he nor any man or set of men in the State of Nevada, can dictate to it what it shall or shall not do, and what is more, John Sparks nor any of his lickspittles will ever be able to dictate its policy or the actions of any man connected with it so long as it observes the laws of the land.

It certainly does not reflect much credit upon the state to have its executive stoop so low as to display his spleen in such a petty manner as to interfere with a newspaper or its representative engaged in the laudable purpose of learning the truth regarding reports that were tending to injure one of the greatest mining camps in Nevada.

If The Journal took it upon itself to employ a reputable physician, Nevada's governor certainly had no right to interfere. However, it is possible that the governor, in a spirit of forgetfulness, brought about by the cares of state and other conditions, and urged on by a few petty politicians, whom he has made leeches upon the purse strings of the people of Nevada, thought he was again superior to the State Supreme Court, and would, if he could, override the rights of a free born American citizen.

It is gratifying to note that Governor Sparks' efforts to discredit Dr. Heppner in Tonopah failed miserably. He was received with a welcome, shown every courtesy due both to a newspaper representative as well as a physician capable in every way of entering their councils.

The Journal would suggest to Governor Sparks that if he will pay more attention to his duties as governor of Nevada, together with his private affairs, and less to the private and business affairs of this paper and its management he will perhaps be earning at least a portion of the salary the taxpayers of the state are paying him.

THAT SCURIOUS HOME FROM HIS CREATURE AT TONOPAH TRIP TO THE SOUTH

Favors Boycotting The Journal Because It Made It a Point to Investigate and Publish News From That Camp

The Journal's Special Physician to Tonopah Carries Out His Mission in an Able and Faithful Manner

TONOPAH, April 17—Your correspondent here a rank prevaricator. Will be lynched if identified. Only eighteen deaths this month. SAM C. DUNHAM.

The above is a sample of a number of telegrams received from Tonopah since Saturday. The Journal wishes to state that it has found it impossible to secure information of a reliable nature from either its correspondent or any other source at the bonanza camp. It endeavored to secure news channels and events have proven that in nearly every instance the supposed facts were colored with a view of hiding the true state of affairs. Even the undertaker kept back the facts and in the middle of April, when people were dying every day, published an affidavit showing the number of deaths that occurred in the camp during the month of March.

On top of this comes the report that a few disturbance provoking persons in Tonopah, headed by a discredited publisher, whose paper from its inception has been steeped in lies and still breathes of blackmail are attempting to cause a boycott to be levied on this paper. In reply The Journal will state that the fear of the use of this coward's weapon will never cause it to falter in what it deems its duty, to tell the news to the people who in good faith are paying their money to receive the news. The Journal was founded on this policy, won and prospered by following it long before Tonopah was ever thought of and will continue to tell the truth about everything and everybody, even if Tonopah or the entire State of Nevada is against it.

If there is anyone in Tonopah, who is either a subscriber or an advertiser with The Journal who is not satisfied that he is getting full worth for his money this paper would deem it a favor to have the patronage discontinued. It is not seeking clarity, fear not a boycott and asks no one to patronize it who is not satisfied that he is getting everything he pays for.

Another Chinaman Caught
T. J. Longley, deputy United States marshal, arrested Yee Tom yesterday just as he was delivering his last bundle of washing. He will join the other Chinamen who are being held by the authorities subject to deportation.

John Batchelder has been exonerated for the killing of Gustaf Lind, an ex-convict, in Placer county last week. A coroner's jury yesterday returned a verdict to the effect that the killing was done in self defense.

BROWNED from exposure and almost worn out from constant hard work for the past three days, Dr. Heppner returned last evening from Tonopah. The result of his mission is given to the readers of The Journal this morning. It is a plain, uncolored recital of facts as they exist in the camp, nothing is hidden and conditions just as they were found are related.

The Journal was the first in the country to realize the importance of learning the truth or falsity of the reported epidemic at Tonopah and lost no time in acting. It now presents the first full report of its work. In the report Tonopah does not suffer. It shows that excited minds greatly exaggerated the true state of affairs, but also shows that Tonopah has profited by its experience and that from now on will pay more attention to sanitary conditions.

Big Sale Frequent

Another big real estate sale was made yesterday through S. J. Peck & Co. It was the property adjoining the government site, the Occidental Land and Improvement Company to A. H. Manning; \$8000 was the price paid for it. The deed will go on record today.

Didn't Like His Talk

Walter Collins was arrested yesterday for disturbing a group of workmen at Schroeder's stone works. He repeatedly annoyed them by his remarks and they finally gave him over to the police. His hearing will come up today before Judge Nash at 10 o'clock.

The gunboat Newport left Norfolk yesterday for Santo Domingo to do guardship duty.

PURCHASE TICKETS buy anything in Department "K," better known as the Bazaar Department. Perfumes, jewelry, leather goods, stationery, chinaware, etc. The goods are here; no waits or disappointments.

EXCITING RACES AT THE CIRCUS

Norris & Rowe Put Up Cash Prizes That Add Realism to Ring Events

In the exciting hippodrome contests and races involving blooded, pedigreed racing stock as well as various animals, the smaller stock of the Norris and Rowe shows, has given way to the large stock, for the greater circus is no longer a dog and pony show. These features have been obliterated entirely and the show is now a big circus in every meaning of the term.

The close of the circus performance this season will witness startling, closely contested and furious dashes around the hippodrome track with big stock ridden by some of the most expert riders and equestrians of the world. These spectacles are always more than satisfying with the Norris and Rowe shows and more attention has been paid to this feature this year than ever before.

The noted riders taking part in these contests and who are positively guaranteed to appear at every performance are Rose Dockrill, Frank Miller, Geo. Holland, Dolly Miller, Austin King, William Sutton, Joseph Haines, Mlle. Julien and Estelle Settler.

Contests of endurance between man and horse running at top speed, vaulting and hurdle races over immense barriers, bareback races, carrying acts, principal acts, jockey acts, Roman standing races, flat races and feats of intricate expert equestrianism will be exemplified. Then there will be the always entertaining races of the elephants, llamas, camels, dromedaries, monkeys, tigers, etc., in trials of speed.

As an incentive to realistic effort, Messrs. Norris and Rowe are awarding prizes of money and medals to successful contestants and this spurs the riders to greater effort and thrills the auditors with greater excitement.

The Norris and Rowe greater circus will exhibit at Reno, Friday, April 21, at 2 and 8 p. m.

EASTER SERVICES AT CONGREGATIONAL CHURCH

Reno vocalists and musicians to the number of twenty-eight have consented to assist in the Easter music at the Congregational Church next Sunday morning and evening. Mrs. N. E. Wilson will preside as organist, Geo. S. Nickerson will direct the choir and Professor Kroll will play first violin in the orchestra.

Rehearsals will be held at 7 p. m. on Tuesday, Thursday and Saturday. Sunday evening the children will assist the choir and orchestra in the Easter concert.

Passion week will be observed in the special services at the Congregational Church. From Sunday to Friday addresses will be delivered in the auditorium of the church at 3:30 p. m. each day.

The subjects for the addresses and leaders are as follows: Tuesday, "The Cleansing of the Temple," Rev. W. C. Driver; Rev. C. L. Mears; Wednesday, "The Last Parables," Dr. W. E. M. Stewart; Rev. C. L. Mears; Thursday, "The Upper Room," Rev. Mr. McCullough; Friday, "Calvary," Rev. C. L. Mears.

The music will be in charge of Mrs. D. B. Dinmore. Strangers and members of churches not holding special services are especially invited to unite in these services.

UNCLE SAM LOOKING FOR LETTER CARRIERS

The United States Civil Service Commission announces that a clerk-carrier examination will be held at Reno, Nevada, May 6, 1905, for the purpose of securing male eligibles for the postoffice service. Age limit, 18 to 45 years.

As the commission has experienced considerable difficulty in securing a sufficient number of eligibles to meet the needs of the service at Reno, all persons who are qualified are urged to apply for and take this examination. Applicants should at once apply to Alfred B. Karns, acting local secretary at Reno postoffice for application form 1371, which should be properly executed and filed with the district secretary at San Francisco prior to 4 p. m. of May 4, 1905.

WORK BEGINS ON NEW IMPROVEMENTS

Work has started on the excavation preparatory to enlarging the building occupied by the Frank Brothers Liquor Company. Sam Frank, the manager, yesterday stated that it is the aim to have the addition ready for occupancy within the next few weeks. Its completion will result in more than doubling the present capacity of their store. This improvement is made necessary because of the rapidly increasing business of the firm, the members of which have met with almost phenomenal success since locating in Reno.

Mining Man From Quaker City C. E. White, the prominent Philadelphian, who is largely interested in Nevada mines, spent yesterday in the city on his way from the east, back to Tonopah.

DENIES THE ALLEGATION

Mr. Vosmer States That He Is Not at Wabuska and Is a Legitimate Business Man

C. W. Vosmer, alleged confidence operator, denies the allegation. He writes to The Journal from Oakland, asking this paper to give publicity to his denial. Mr. Vosmer also encloses his card to prove that he is engaged in legitimate business. In justice to Mr. Vosmer, whom The Journal has no desire of wronging, his correspondence is published herewith:

Let's Get Acquainted. Capital \$80,000.000 In My Dreams. CHARLES W. VOSMER (Ragtime Millionaire) Looking for Some One to Love My Address Is CAMP FIRE SALOON AND DANCE HALL (With Old Bill Sears) 515 1-2 Pacific St., San Francisco, Cal. Kindest Regards to Friends and Knockers Married, but Out for a Good Time.

Oakland, April 10, 1905. Editor Reno Journal, Reno—Sir: I was very much surprised today on reaching my place of business to find a letter there which enclosed a clipping from your paper, the headlines of which reads, "Gratters Are Preying Upon the Miners; Vosmer and His Gang Are at Wabuska."

I wish to say in the first place that every word which you printed in that item in reference to me is an untruth. I also wish to say that I left this city alone and returned alone, and that my business in Tonopah was for an entirely legitimate purpose, to secure control of a saloon and dance hall. When I reached there I found that I was about a week too late and returned to Reno the same night, stopping there over night, leaving for home on the 7:10 train the next evening and that Wabuska never entered my mind any more than remembering that I changed cars there going both ways. I have never been a confidence man in my life, and I have never done any direct business with any of their kind. I have always been a legitimate business man, just as I am now. I will enclose one of my business cards for your inspection and I am sure, gentlemen, in justice to me, you will correct the statement you made in reference to me in your next issue, which I sincerely hope you will do, for I assure you, gentlemen, I will never rest easily until it is done. Hoping this favor, which is only justice to me, will be granted by your valuable paper, I remain, yours truly, C. W. VOSMER.

They Will Be Tried A charge of felony was entered yesterday by District Attorney Craig against Albert Adams and Charles Johnson and their trial will take place in the Justice Court next Monday. These are the two men who were arrested for stealing several pieces of wearing apparel from the office of Arnett & Co., the assayers.

Policy Paid in Full S. B. Crane, the new resident agent for the New York Life Insurance Company yesterday delivered to Dr. M. D. Walker, as guardian for Alva and Guy Brundige, a check for \$1000. This represents payment in full for a life insurance policy carried by the late Mrs. Lols Brundige.

TO BUY AN ORGAN FOR COUNTY HOSPITAL

That entertainment that the young people of the various churches are preparing is progressing nicely and will be a very enjoyable affair. It will be given Friday evening, the 25th of this month, at the Congregational Church and the following well known entertainers will contribute to the program: J. B. O'Sullivan, Dr. Craig, Miss Howe, Miss Edith Folsom, the Subway Quartet, Miss Frandsen, Mr. Nickerson, Miss Georgia Busch, Miss Georgia Logan and others. The entertainment is being gotten up to raise money to buy an organ for the county hospital and everybody in town ought to have at least 25 cents invested in this enterprise that means so much for the comfort of our sick neighbors at the hospital.

HOW BAPTISTS WILL OBSERVE EASTER

Five special Easter services are being prepared for the Baptist Church next Sunday. At the 10 o'clock hour the regular Sunday school will occur and at 11 a. m. there will be a special Easter service by the Sunday school, assisted in the singing by the church choir.

At the evening service the choir will give a good concert of Easter music, consisting of anthems, duets, solos and choruses.

The pastor will preach a sermon at the evening service on "A Voice From the Silence."

The public in general and strangers in particular are very cordially invited to attend the Baptist Church next Sunday.

Try Bernheim whiskey at the Oberon, J. A. Snyder proprietor.

TAYLOR SUIT IN PROGRESS

Jury Goes to the Scene Where Accident Occurred to Learn Details of Case

The case of Taylor vs. the Troy Laundry Company continued to occupy the attention of the District Court yesterday morning, when the jury were excused to go to the place where the accident is reported to have occurred, and make an investigation of the surroundings. The case will be taken up again this morning, when several motions will be argued. The jury will then return to the box at 1:30 o'clock.

A case was filed yesterday, Alonzo Evans vs. William J. Thomas, John Roe, Richard Roe and Mary Roe, involving certain adverse mining claims in section 3, township 18 north, range 20 east. The true names of the three last defendants are to be inserted later.

In the case of Black et al. vs. Walton et al., in which the plaintiffs claim to have located the claim and done assessment work, a decree was issued awarding the claims in dispute to the defendants.

Little Ones Celebrate Birthday Bonnie Stephens was eight years old last Saturday. Her brother, Walter, was three years old the previous day. In honor of their birthdays their mother, Mrs. F. C. Stephens of Glendale, tendered them a party Saturday afternoon. Twenty-one young people and about ten older folk were present and all had a good time. Miss Mae Pollock, teacher of the Glendale school assisted Mrs. Stephens in entertaining.

Report Denied Charles Dreyer, proprietor of the Oberon, called at the office of The Journal last night and requested to have the statement made that he had not sold his business, as reported on the streets yesterday.

SMITH AND FAHRION PURCHASE CEMETERY

Four bids were received by the association for the purchase of the Old Fellows' old cemetery. They were as follows: John Johnson, \$1450; Jameson & Farley, \$1800; Burke Bros., \$2500; Smith & Fahrion, \$2550.

The last named gentlemen being the highest bidders, the property will in all probability go to them. The land, used so many years for a burying ground, will, it is understood, be used as a brick yard.

Are You Thinking

About purchasing a suit? If you are, we will be pleased to show you our display of

SAFEGUARD

YOUR

..Mining Investments..

THE GREATEST OPPORTUNITY for achieving fortune ever presented to mine investors is now unfolding in the marvelous district of south western Nevada, comprising Tonopah, Goldfield, Bullfrog, Kawich and Chloride Cliff.

THE RICHNESS of these districts has not been over stated. Scores of fortunes have been made, hundreds will yet be made, while thousands of people who invest with judgment will multiply their investments many fold.

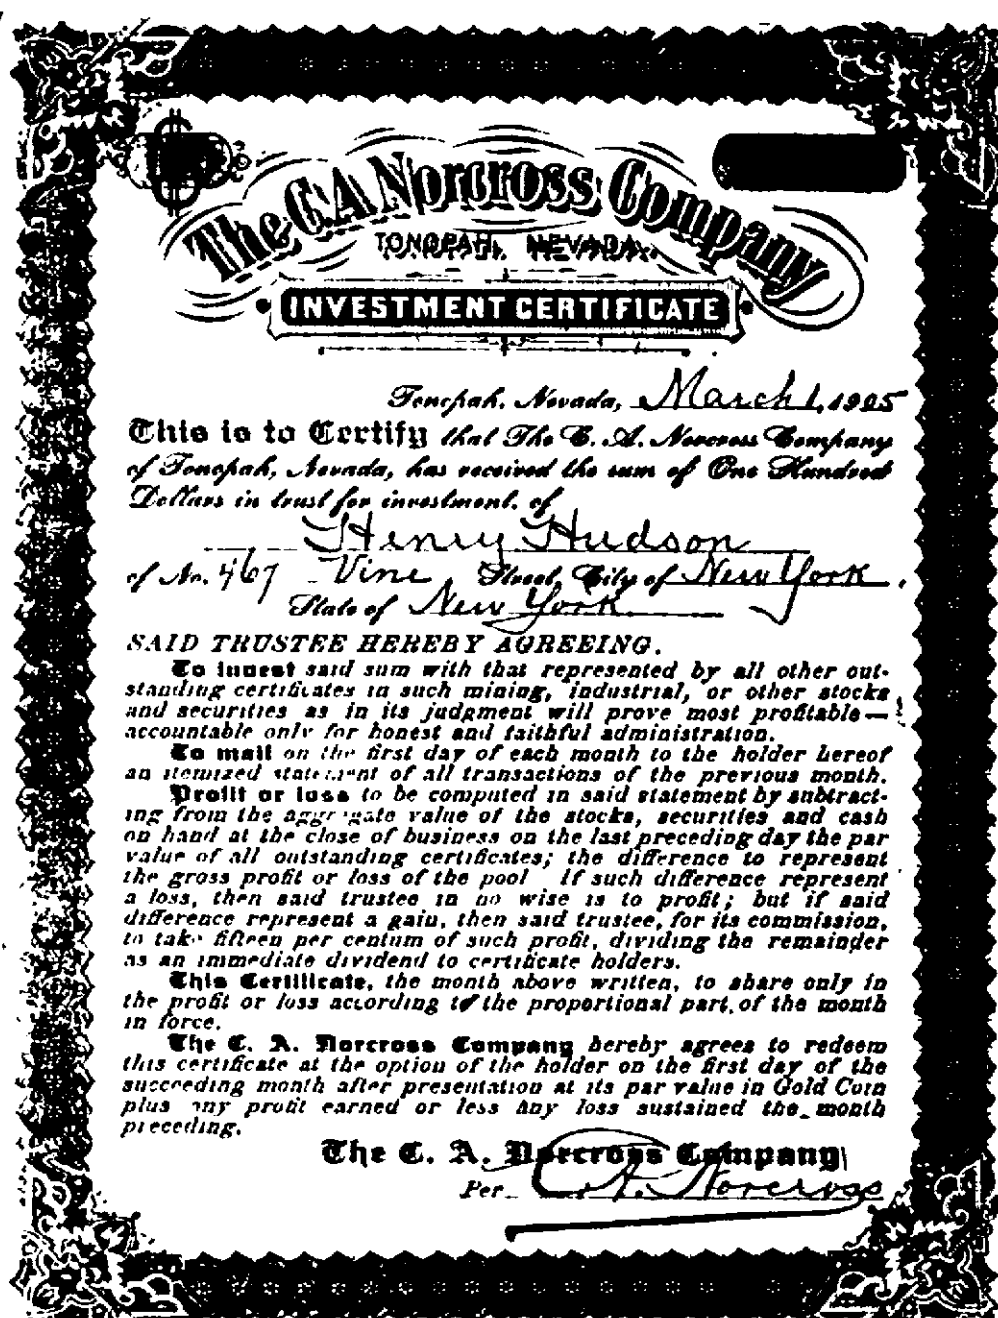

IN A FORMER ADVERTISEMENT we laid down the secret of success in mining as "Knowing in what mine to invest, when to buy, and at what moment to sell." The Outsider, without this knowledge, is taking hazardous chances in buying mining stocks. The Insider, with such information, is operating in the field of mines as certainly as in any pursuit and with many times the profit.

WE ARE MAINTAINING in these districts an efficient bureau of skilled men to ascertain and report first information with respect to what each mine is doing and what not doing, in order that we may anticipate the rise and fall of mine values. Such knowledge, with close attention to the stock board, is what we have to offer as a guarantee to the mine investing public that we can handle your money with more security and profit to you, than you can yourself.

WE ISSUE CERTIFICATES, as shown below, for each hundred dollars sent us for investment, which constitutes a receipt and acknowledgment that your money is intrusted to us only for investment and subject to withdrawal at your option, as expressed therein. The first day of each month we render you an itemized statement of all transactions of the previous month, with a remittance of the month's profits, less fifteen per cent, which is the only compensation we exact. We take no commission from the principal, and the redemption of the principal, whenever called for by our clients, is secured by the stocks and securities we have purchased with it, which are instantly convertible into cash.

SUCH METHOD OF MINING INVESTMENT is new, we admit, but the value of it to the public is evidenced by the multitudes of Outsiders who have lost money in mining investments as against the Insiders who have made fortunes.

WE SHOULD BE GLAD TO RECEIVE a remittance of one hundred dollars, or any multiple of that sum, from you, believing that we can not only safeguard your principal but return you monthly such substantial dividends as will add you to the list of our good friends.

BOXING CONTEST WILL BE HELD

Local Fighter and San Francisco Pug to Meet in the Roped Ring Next Sunday.

The followers of the pugilistic game in Sparks will be pleased to learn that arrangements are being made to pull off another boxing contest in this city next Sunday afternoon. The contestants will be C. E. Fields of Sparks and J. McClung of San Francisco. The bout will be refereed by "Kid" Wetzell, the local boxer.

The contest will be held in one of the halls of the city and will be the main feature of an interesting athletic entertainment. Other attractions, such as wrestling and fencing, will constitute the events of the day.

The men will fight at 140 pounds and will box ten rounds for the decision of the referee. Both men are well known to the sporting public of Sparks. Fields is a resident of the city and is a fighter of no mean ability. McClung appeared in this city recently in a four-round contest with "Kid" Wetzell, which resulted in a draw.

An effort is being made to bring about a match between "Kid" McAuliffe and "Kid" Wetzell. McAuliffe is now in this vicinity and is desirous of a match if he can get proper backing. Wetzell is ready to fight at any time. It is expected that the two men will be brought together some time next month.

Says Business is Good

Word has been received from A. J. Hazel of Goldfield, who was formerly engaged in carpenter work in this city, that work in the building line in Goldfield is very good and that the indications are that there will be a large demand for carpenters there this summer.

Mining Man From Goldfield

Hon. G. W. Jenkins, one of the owners of the Goldfield Consolidated Mining Company, arrived in Sparks yesterday from the mining districts. He reports business in the Goldfield district and Tonopah to be livelier than ever.

BRIEF MENTION OF PASSING PUBLIC

These Who Come and These Who Go to and From the Railroad Town.

Walter Jones was in Reno yesterday on business.

Hon. P. A. McCarran arrived yesterday from Goldfield.

Rev. F. H. McCreary of Carson was in Sparks yesterday.

Colonel Frank Hatton was in Reno yesterday on business.

Dr. Walker of Reno had professional business in Sparks yesterday.

Miss Edna Fitzgerald was in Reno yesterday visiting friends.

J. A. Champagne of Reno spent yesterday in the railroad town.

Rev. and Mrs. Webster were among yesterday's visitors to Reno.

Mrs. A. Steele will leave Thursday for San Francisco on a visit to friends.

Mrs. Thomas Blundell of Wadsworth is visiting with her sister, Mrs. A. Steele.

Rev. Jones of the Presbyterian Church was a visitor from Reno yesterday.

Dr. W. H. Hood of Reno was in Sparks yesterday on professional business.

F. H. Jolliffe of the Sunset Telephone Company had business in Sparks yesterday.

W. F. Creelman, special agent for the Home Fire and Marine Insurance Company was visiting J. A. Bonham & Son, resident agents for the company, yesterday.

Operation Performed

George Day of this city was operated on yesterday for appendicitis. He has been sick for some time and his condition became such that an operation was considered necessary. The operation was performed by Dr. Byce, assisted by Drs. Ascher and Hood. At last accounts the patient was very low.

No Vote Without Registration

Every citizen or person who has a right to vote should take an interest in the coming city election. The election is to be held on the second day of May, two weeks from to-day, and, while the contest is not running very high at present, it may assume more importance as the time comes nearer and there will be many who have neglected to register, no doubt, until it is too late.

The registration books at the Justice's Court on East Second street, will be kept open until 6 o'clock on next Friday evening, the 21st day of April. On each evening from now until that date the books will be kept open till 9 o'clock at night to accommodate the working men and those who cannot easily attend to their registration in the day time. Any one may register who has been in the state six months preceding the 2d day of May.

Permission Granted

The City Council met last night, pursuant to adjournment, to hear the report of the special committee appointed at the last meeting to look into the matter of the spur being laid by the N. C. and O. road. The company having expressed its readiness to comply with certain requirements, the council, after deliberating, voted the following: To grant the railroad the privilege, providing it will assume all responsibility of damages, put the ground to grade about the spur, that all vehicles can pass freely over, and pay the city of Reno \$1 rental per year.

Eighty-Year-Olders Meet

A very interesting reception and one unusual in character, was given yesterday afternoon by Mrs. Alice Chism at her home west of the city in honor of her father, Mr. Hickock. It was an "old folks" party, composed of the old time friends of the hostess' aged father, who is 82 years old. One of the guests was 84 years of age. Mrs. B. T. Dinmore presided at the piano. After indulging in reminiscences and enjoying some music, tasty refreshments were served and the friends departed, leaving the old gentleman feeling a quarter of a century younger.

Ancient Order of Hibernians, Attention

There will be a meeting of Washoe Division No. 1, Ancient Order of Hibernians, Wednesday evening, April 19th, at 8:15, at Harmony Hall. Special business of importance. A full attendance is desired.

CONDITIONS AT BONANZA CAMP

THE FACTS BROUGHT OUT BY AN EXPERT

Number of Deaths Due to Pleuro Pneumonia, but There is No Need for Alarm, as the Danger is Over.

(Continued from Page 1.)

proper surroundings, would simply have been a cold in Tonopah turns into the above described disease.

A DORMANT HEALTH DEPARTMENT.

In looking around the town from one end to the other, carefully inspecting all the surroundings, taking due notice of the fact which naturally accumulates where there is no sewerage, and a dormant health department, I cannot help but say that as a whole conditions are no worse than I have seen them in the tenement districts of New York City. Of course it depends upon the point of view that you will take. A man used to the luxuries of life, living on dainties, would consider these conditions simply horrible, but the man who is training to acquire a fortune, three hundred miles away from civilization is supposed to bring along a constitution and a state of mind that after looking over Tonopah as I found it, he would say, "This is a pretty fair town."

SANITATION NOT THE CAUSE.

If the garbage which is now being removed and the vaults which are being cleaned of their contents were the source of this epidemic you would be bound to have primarily disturbances of the digestive tract. There would be diarrhoea, typhoid conditions, with vomiting, headaches and bilious disturbances, and the enlarged liver would not simply show to be a passive congestion, but perhaps an inflammation. If there was anything in the theory of meat infection you would have the same thing. In my humble opinion we are dealing with a mixed infection transmitted by the air into the respiratory tracts, sometimes producing a condition more like the common lobar pneumonia, or in other cases this severe form of pleuro pneumonia as we find it now at an elevation of 8200 feet differing in symptoms and modified by various secondary complications, according to the virulence of the infection and its type.

THE EASY VICTIMS.

During the middle of the day you would be uncomfortable wearing an overcoat in Tonopah. At night and in the early morning it is extremely chilly. There is an immense amount of alkali dust, in itself a lung irritant, continuously stirred up by vehicles. Take these things into consideration as predisposing factors for lung troubles. There is many a man who spends his nights at the gambling table instead of being in bed. Another, who drinks whiskey by the quart after a day's exhausting work, instead of eating a square meal. There are very few who wear clothing during the cold nights differing from that worn during the warm day. There are many whose bed is the sidewalk, and who do not take a bath from one year's end to the other. Such, however, are the elements naturally to be found in a mining camp, and we should not wonder at the consequences, lowered resistance to disease, inability to fight off the enemies of life makes them an easy victim of the first attack of any disease producing organism.

DOCTORS DO GOOD WORK.

The treatment by the local doctors who act in perfect unison, is of as high a standard as their methods of investigation and diagnosis. They have employed various kinds of anti-toxic serums, according to indications. Not

SUNDAY SCHOOL CONVENTION CLOSES

By far the most successful convention in the history of the Nevada Sunday School Association came to a close yesterday afternoon. From Saturday morning until the time of closing yesterday much interest was manifested and good work was performed. The reports of the officers showed progress, while the new subjects brought up during the session will result in still further strengthening the organization. The attendance was exceptionally good. President Stubbs of the University of Nevada presided at the session Sunday morning. In the evening Dr. Cushman presided. Fenton A. Bonham presided at the meeting yesterday morning.

The election of officers resulted as follows: L. W. Cushman of Reno, president; Rev. H. H. McCreery of Carson and Rev. J. H. McCollough of Reno, vice presidents; Fenton A. Bonham of Reno, secretary and treasurer; Mrs. J. Church Jr., of Reno, superintendent of primary work; Mrs. E. F. Elmore of Sparks, superintendent of home department; Professor S. Adams of Reno, superintendent of the training department; Rev. George H. Greenfield of Elko, superintendent of the temperance work department.

To the executive committee will fall the task of selecting the date and place for the next convention.

Hot noon lunch at Becker's 15 cents

relying upon these latest methods, they have used internally and externally everything that could be suggested by the keenest therapists, and they have not lost more than 20 per cent of all cases, and could have lost less had they always been called at the outset and were better equipped with hospitals and nurses.

THOSE WHO SHOULD STAY AWAY.

The trouble is now evidently growing less from day to day, and I say to those who contemplate going to Tonopah that if they go there in a robust state of health, spending no more energy than what they can replace, who will not live in dugouts or overcrowded hotels, who will eat plain food and be out of doors most of their time, they are as safe there as they would be anywhere on earth. The underfed and the aged, should stay away. Don't blame the camp for the folly of men exposing themselves and lowering their vitality while they live there. Not a single child has died, and only one woman, during all these months.

CITIZENS WORKING TOGETHER.

The citizens of Tonopah are now getting together, meeting every night at the Mispah Club. They not only contemplate but execute all such means as will cleanse the town. I do not believe that this will have any direct bearing upon the present disease, but will surely prove a blessing during the coming summer in keeping out enteric diseases of all kinds.

HEALTH OFFICERS DILATORY.

There are some sporadic cases of smallpox, at present in a mild type, that the health officers are not properly taking care of, nor are they attempting an effective quarantine. Vaccination is indicated for every one going into the camp.

During my investigations I had the pleasure of meeting Dr. Garrett L. Hogan of Los Angeles, California, who had practiced fifteen years in Montana mining camps and had seen similar epidemics. He told me that this epidemic at Tonopah should be classified as a mild type. He is not interested in any way, being a visitor in Tonopah for the purpose of making investigations to be published in scientific journals. He will occupy a professorship in the medical college of Los Angeles this fall, and I know ranks high as a scientist as well as a practical physician.

I explained to him I was reporting for The Journal and he kindly offered me over his signature the following synopsis of his intended paper for publication in The Journal:

DR. HOGAN'S OPINION.

"The situation may be summed up in a very few words. The disease is essentially pleuro pneumonia, due to streptococci and staphylococci infection, invading the pleural cavity and pericardium. Death occurs from septicaemia, or more strictly speaking, from heart failure from auto-intoxication. Careful study of many cases convinced me that the lowered vitality, resulting from alcoholic excesses, poorly ventilated cabins, general unsanitary environment, etc., was unquestionably responsible for the high death rate, through failure of the body to resist germ invasion.

"Persons in good health and following good habits need have little fear of contracting this disease, the infectiousness of which has been greatly exaggerated through ignorance and fright."

DOES NOT FEAR CRITICISM.

In accepting the commission of The Journal to go to Tonopah and report its condition, I knew I would be criticized in certain quarters for placing before laymen a report that should be rendered to a medical journal only and in precise scientific form. I herewith cheerfully accept this criticism as long as I may feel to have done some little good to somebody.

I have nothing but praise and appreciation to express for the treatment and courtesies I received at the hands of the professional men of Tonopah, as well as to Dr. Lee, the state commissioner, who was with me during my investigations in the camp.

STYLISH EDITH IS A LIVE WIRE

It is reported that there is an attractive young woman known as Edith Barnard operating in this section of the country by means of fictitious checks on banks with which she has no account. The case has been brought to the attention of the local banks by one such check which the National Bank of Winnemucca had on the Bank of Eureka, Cal. This proved to be but one of many similar fictitious checks. It is thought by some that she is working this way, following the line of travel toward the gold camps.

McKenney Laid to Rest

The funeral of J. W. McKenney took place at his late home, on North Virginia street, Sunday afternoon at 2 o'clock. Rev. Jones of the Presbyterian Church had charge of the services. The burial was in Mountain View cemetery.

THE WORLD IN BRIEF FORM

Condensed Happenings Boiled Down from Journal's Associated Press Report

J. C. Floyd of Seattle was fatally stabbed by John Dias in a saloon room at Stockton yesterday.

Nine jurors had been accepted in the Bunkers bribery case at Sacramento when court adjourned yesterday.

George Gardner of Massachusetts was knocked out in twenty rounds at Salt Lake by Mike Shreck of Ohio last night.

Mrs. Nettie Craven, famous in the Fair case, was declared insane and committed to an asylum in Iowa yesterday.

A false alarm of fire in a theater at Indianapolis yesterday caused a panic among several hundred newsboys and the death of four.

Claude Webb, 15 years of age, was arrested for forgery at Bakersfield yesterday, the culmination of a series of similar offenses.

Terry McGovern, the pugilist, who was sent to an asylum in Connecticut a short time ago, escaped yesterday and has not been caught.

Nan Patterson's trial will begin in New York to-day. The officers have been commanded to surrender the Smith letters in this case.

Joseph Jefferson, the veteran actor, took a turn for the worse in his Florida home last night and it is thought will be dead before morning.

Several pension commissioners against whom charges were preferred some time ago by Examiner Warner, tendered their resignations yesterday.

The senate committee on interstate commerce began its session at Washington yesterday. Terminal facilities will be one of the most important matters considered.

The officers of the International Association of Mechanics at Topeka threaten to call out allied trades on the Santa Fe unless the long strike is settled. The union has already spent \$350,000 in its fight.

Claims aggregating \$450,000 are to be presented against Mexico by John M. Thurston, former United States Senator from Iowa. The claim is the result of the massacre of several Americans by Yaqui Indians in Sonora January 19th.

Suffering From Appendicitis

Mrs. J. C. Hennessey, wife of Dr. Hennessey, is suffering from appendicitis. Dr. Gregory, the attending physician, yesterday advised that an operation be performed and recommended that the patient be taken to San Francisco. Mrs. Hennessey left for San Francisco last night to enter St. Winfred's hospital.

Hibernians Meet Tomorrow

Dennis Sullivan, president of Washoe Division No. 1, Ancient Order of Hibernians, has called a meeting of the order for tomorrow night at 8:15 o'clock. It is understood that considerable business of importance will be transacted and a good attendance is expected.

Train Robbery

Last chance to see the greatest of moving pictures at Oberon tonight, great train robbery.

Hot noon lunch at Becker's 15 cents

DID HE KILL THE ITALIAN?

Authorities Have Under Arrest at Hawthorne a Man Answering Description of Tortorici

Is it Pietro Tortorici, the fiendish murderer of Biaggio Valardo?

Reports from Hawthorne yesterday afternoon claim that it is.

An Italian answering the photograph and description of the hunted murderer in every respect was arrested night before last in a Hawthorne saloon, and is being held in close confinement awaiting the arrival of officers from San Francisco.

Repeated efforts to obtain from the man some statement or explanation have utterly failed. He will not open his mouth.

There seems to be not the least shadow of a doubt, but that this man is the very one the police and sheriffs of every city and county in the United States are working day and night to find.

Saturday night there were three Italians seated around a table in Ingall's saloon in Hawthorne. A bystander, watching the trio a few minutes, thought he saw something familiar in the face of one of them. He said nothing, but continued his gaze in an effort to recall where he had seen it before. As the fellow changed his position, another view of his face was obtained, and instantly the photograph of the murderer, as seen in the public print so frequently, appeared to him.

Reporting this immediately to a companion, word was rushed to the sheriff's office; the sheriff hurried to the saloon, with a photograph of the man being hunted, and compared it with the one sitting there at the table. It was a perfect picture of him. He was taken quickly to the county jail, where he persistently refuses to give his name or utter a word about himself.

The authorities at San Francisco were advised at once and developments are looked for momentarily.

The report as above comes from good authority, but has not been confirmed by more than one person up to the hour of going to press.

The celebrated Bernheim whiskey is sold at the Oberon, J. A. Snyder proprietor.

LEGAL ADVERTISEMENTS

CITY ORDINANCE NO. 31

An ordinance pertaining to the holding of the municipal election in the city of Reno on May 2, 1905.

The City Council of the city of Reno do ordain:

Section 1. That the city clerk of the city of Reno is hereby authorized, empowered and directed not less than ten days before the municipal election to be held in the city of Reno on the second day of May, 1905, to cause to be published all nominations certified to or filed with him in a newspaper printed within the said city of Reno, in the county of Washoe, state of Nevada.

Section 2. It shall be the duty of the city clerk of said city of Reno to provide a sufficient number of suitable printed ballots and sample ballots for use at said municipal election, such as are provided for by the general election laws of the state of Nevada, and the said city clerk shall supervise the printing of such ballots, and such ballots shall be printed at some newspaper or printing office in the said city of Reno, and county aforesaid; and the said city clerk shall cause to be printed in each of said ballots the name of each and every candidate whose name has been certified to or filed with him.

Section 3. All ballots when printed shall be bound in stub books and may be in books of five, ten, twenty-five, fifty and one hundred ballots each. A record of the number of ballots printed for him shall be kept by the city clerk.

Section 4. The city clerk shall provide for each election ward in said city of Reno at least two ballots for each voter registered therein, and not more than five ballots in excess thereof.

Section 5. Whenever it shall appear, by affidavit, that an error or omission has occurred in the publication of the name or description of any of the candidates nominated, or in the printing of the ballots any member of the board of City Council, upon application of any voter shall issue an order requiring the city clerk to correct such error.

Section 6. Before the opening of the polls, at said election, the city clerk shall cause to be delivered to the board of election of each election ward in said city of Reno, the proper number of tickets of the kind to be used in the election ward. In the case of prevention of an election in any ward in said city by reason of the loss or destruction of the ballots intended for that ward, or for any other cause, the inspector or other election officer for the ward shall make an affidavit setting forth the fact and transmit it to the City Council of said city. Upon receipt of such affidavit and upon the application of any candidate for any office to be voted for by the vote of such ward, the City Council shall order a new election for such ward.

Section 7. This ordinance shall take effect immediately after its passage and adoption, and publication for a period of one week.

Section 8. The city clerk of the city of Reno is hereby authorized and ordered to have this city ordinance, No. 31, published in the Nevada State Journal for a period of one week.

Passed and adopted this 10th day of April, 1905.

Approved this 10th day of April, 1905, by George F. Turrittin, Mayor of the city of Reno.

Attest: D. E. MORTON, City Clerk.

I hereby certify that the foregoing ordinance at a regular meeting of the City Council of the city of Reno, held on the 10th day of April, 1905, and introduced by Councilman Koppe, was by said City Council thereupon ordered published in full in the Nevada State Journal, a daily newspaper, published and in circulation in the said city of Reno, for a period of one week, and the said ordinance was passed and adopted by the following vote, to-wit:

Ayes—Mr. Drappo, Mr. Grob, Mr. Koppe, Mr. Luke and Mr. Wilson.

Nays—None.

Absent—None.

And was approved by George F. Turrittin, Mayor of the city of Reno.

Attest: D. E. MORTON, City Clerk of the City of Reno.

ASSESSMENT NOTICE

Office of the People's Drain Ditch Company, a corporation, with its principal place of business at Reno, Nev.:

Notice is hereby given that at a meeting of the board of trustees of the People's Drain Ditch Company, held on the 10th day of April, 1905, at their office at Reno, Nevada, an assessment (No. 4) of (40) forty cents per share was levied upon the capital stock of the company, payable at once at the office of the treasurer, the Bank of Nevada, at its office in Reno, Nevada.

Any stock upon which this assessment shall remain unpaid on FRIDAY, MAY 12, 1905, shall be declared delinquent and will be advertised and sold at public auction to pay such assessment, cost of advertising and expense of sale; provided, however, that land drained by this ditch, not represented in stock, shall pay (\$1) one dollar per acre per year in advance.

By order of the board of trustees.
Attest: W. H. NOYES, Secretary.
Reno, Nev., April 11, 1905. a11m

ASSESSMENT NOTICE.

VERDI DEFEATED BY FLORISTON TEAM

The Verdi baseball team crossed bats with the Floriston ball team at Floriston Sunday. The home team won by a score of 12 to 6. It was the initial game of this season and both teams showed lack of practice. One noticeable and very pleasant feature throughout the entire game was the friendly relation displayed towards each other by both teams.

Umpire H. Lynn gave good satisfaction to both teams. Pitcher Whitecomb of the Verdi team struck out six men and let three men have first base on balls. Pitcher Lily of the home team struck out fourteen men and let one man have first base on balls.

The Floriston team will very likely play a return game with Verdi two weeks from today. It is reliably reported that the Overland team of Reno will play the Floriston nine on the Floriston diamond next Sunday.

CORRESPONDENT.

TROUBLES AT AN END, THEY LEAVE FOR HOME

Mr. and Mrs. J. C. Frater left last evening for Boca, Cal. The happy pair were married here by Father Tubman last Saturday. Sunday it was announced that the good priest became suspicious and telegraphed to California for instructions as to whether to perform the ceremony. It is now developed that this is a custom of the Catholic Church. During Lent a marriage is prohibited unless a dispensation is secured from the bishop. Father Tubman delayed the ceremony until he secured this dispensation.

BIG RACE MEET GREAT SUCCESS

Nevada's Best Riders Take Part
in Events Held Sunday and
Furnish Excitement

A large and enthusiastic crowd was present at the race track Sunday afternoon to witness the races given under the auspices of Carr & Elliott and the Nevada Cycle Company. The races were a success in every respect and the promoters are deserving of a great deal of credit.

The weather conditions were fine and the track was in good condition.

Prior to the opening of the races it was announced that McLaughlin, the California crack, who was scheduled to ride a match race of one mile with Knox, had telegraphed that he had decided not to ride for fear of professionalizing himself. This was the excuse offered by the rider, but the general belief is that he was suddenly struck with a bad attack of "pedis Klondikus."

In place of this race Updike of Reno and Chapman of Sacramento rode a match race of one mile, the Reno boy winning on the sprint. Time, 2:42 2-5.

The handicap for boys under the age of 17, was won by Becker, with a handicap of a quarter of a mile. Manson finished second and Rebori third.

The motor cycle race was the only disappointing feature of the day. Damon of Reno and Moler of San Francisco were the contestants and were scheduled to ride five miles. Neither machine would work in a satisfactory manner and the race was cut down to three miles. Moler's machine got out of order at the beginning of the second mile and he was compelled to quit, the race being given to Damon.

One of the most interesting races of the day was the mile invitation race. The crack riders of the relay team were pitted against each other. They were all bunched at the finish, McKenzie finishing first, Knox second by a half length and Mereshon third. Time, 2:22 1-5.

The five-mile handicap was next. It was won by Avansino, with a handicap of a half mile. He finished strong and won easily from his nearest competitor, by a little more than an eighth of a mile. The interest in this race was centered in the struggle for second place between Carter, with a handicap of one sixteenth and McKenzie, scratch. Carter won out by the narrow margin of half a wheel's length.

The only accident of the day occurred in this race. O. Johnson was thrown from his wheel and was unable to continue.

The last race of the day was the ten-mile handicap. It was won on the stretch by Aguayo from M. Johnson. Both riders had a handicap of three-quarters of a mile. It was a very interesting finish between the scratch men for third place and best time. Mc Kenle won out, beating Knox by about half a wheel's length.

The next race of the season will be the Wheelman road race. It will probably be held on April 30th.

The Fast Bunch

Get one and be in with the fast bunch who won the prizes in the Carr & Elliott and Nevada Cycle Company races held Sunday, April 16th. The best that money can buy on earth for strength, durability and speed. Here are a few of the best ones: Clam McKenzie, who did things in a first class manner in the races; T. Avanzino, winner of the five-mile handicap; W. Kornmayer, "Tub" Meffly, W. E. Samuelson, the world's champion; Carl Limburg, John H. Lake, Iver Lawson, Harry Downing.

All these fast men know a good bicycle and ride the Hudson, the most popular bicycle for the entire public to ride, a winner every time. Carter & Dum, state agents, Grand Theater building, 112 Virginia street, Reno, Nevada. a18t3
